RAINBOW OF EDUCATION

1. I am a very large mammal.
I breathe air through a hole
at the top of my head.

2. I am a sea creature with
a soft oval body and eight
tentacles.

3. My round, flat body is
covered by a shell and I
have 5 pairs of legs. My
flesh is eaten as food.

4. I am a large fish with
sharp teeth and a pointed
fin on my back.

5. I have a thick shell
covering my body. I can
move my head and legs
into the shell for protection.

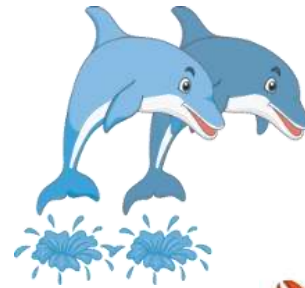

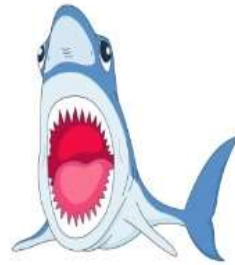

6. I live partly in the sea and
partly on land or on the ice.
I'm a mammal and like to
eat fish.

7. I'm a cute sea mammal
with a long pointed nose. I
have a smooth, soft grey
skin.

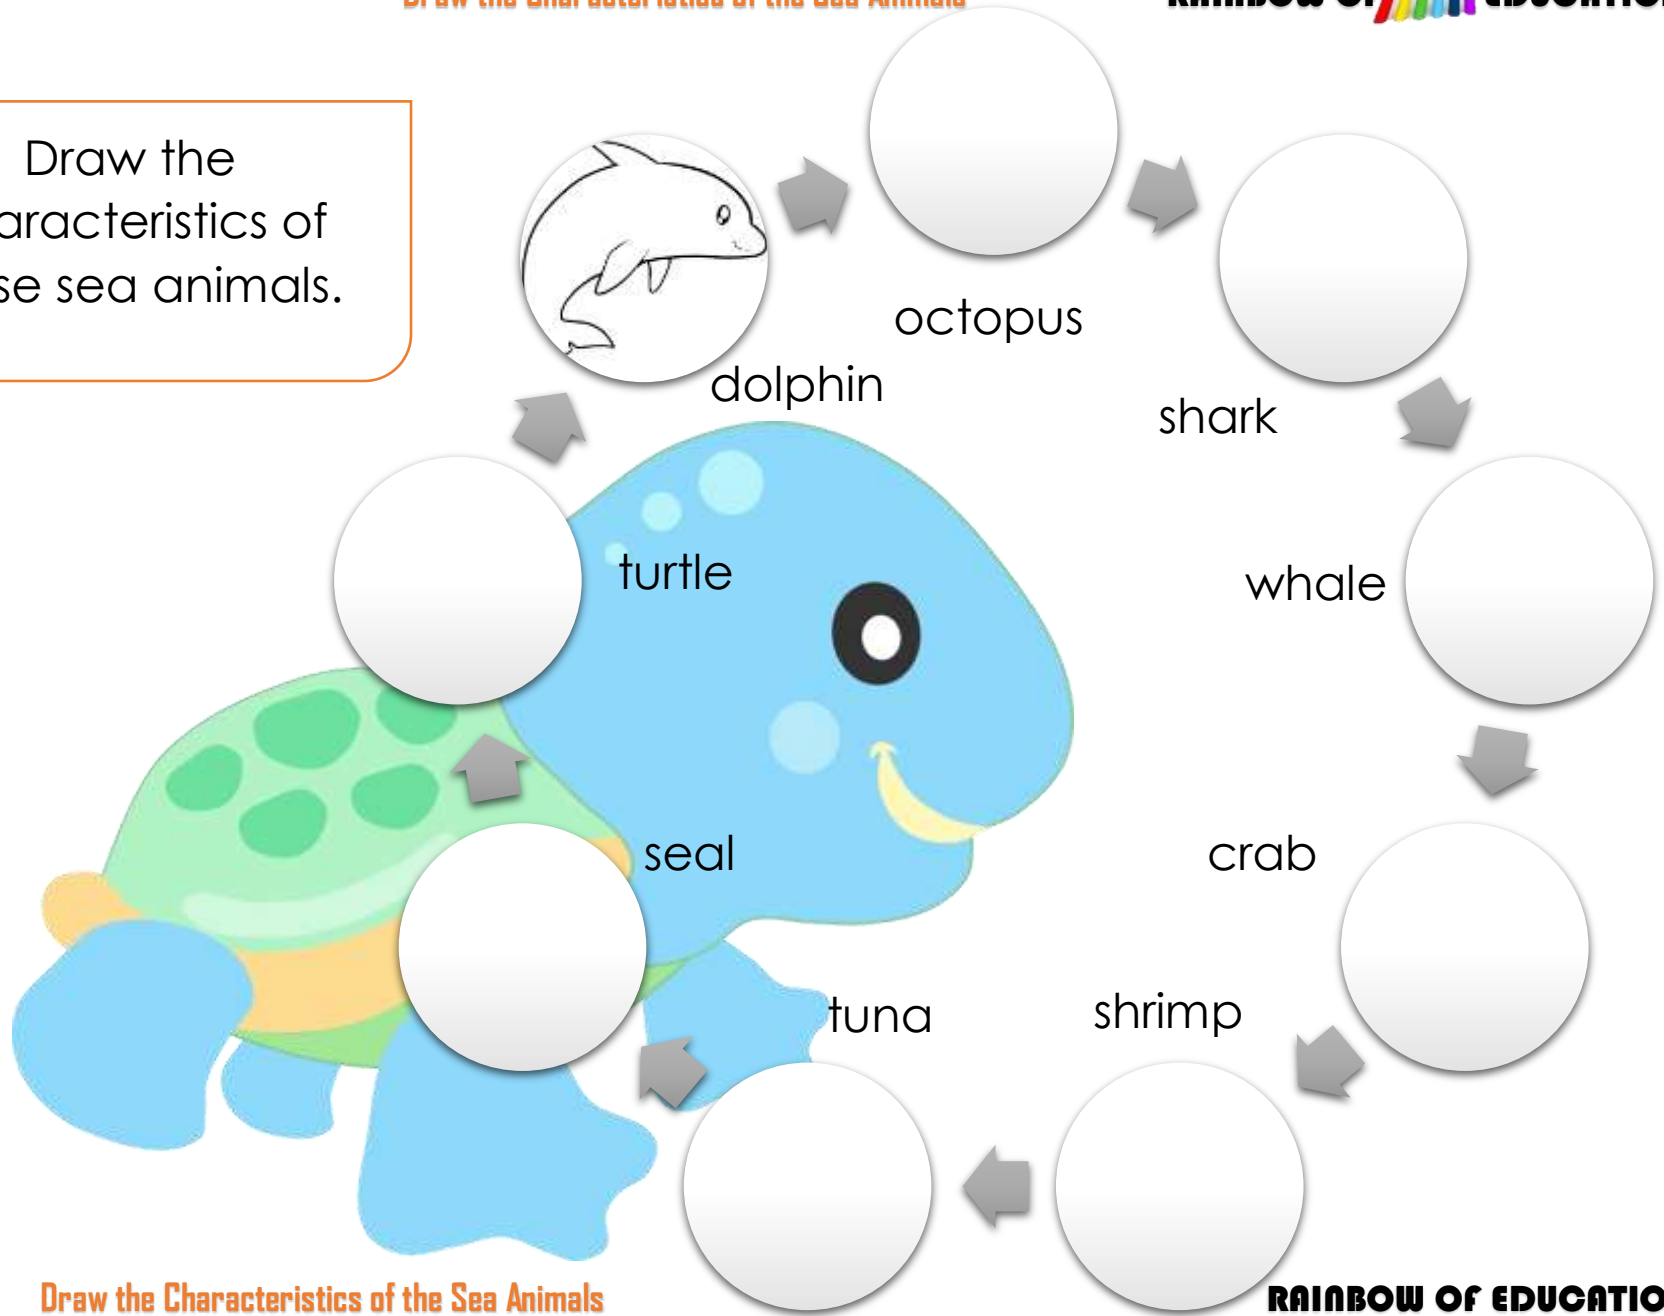

8. I'm a large fish that lives in
warm seas. People eat my
flesh.

9.

Draw the Characteristics of the Sea Animals

Draw the characteristics of these sea animals.

9.

Draw the Characteristics of the Sea Animals

Bonus, Animal Card Game

What to do:

1. Cut out the cards

How to play:

2. Have groups of three to four students play the game.
3. Give each student eight or six cards.
4. The one who gets the “starting card” puts his card on the table and reads the question aloud.
5. The student with the card that has the answer puts it down on the table (like in a domino game) but the card is placed below the first card.
6. The student then reads the new question and the student with the correct answer places this card on the desk.
7. And so it goes...

1

2

PS: Notice that the starting card has the answer of the question on the last card to be placed on the table.

Print on thick paper.

I have black and white stripes. I look like a horse.

I am from the 'cats' family. I am strong. I live in Africa and Asia. I am the king of the animals.
